To Our Members:

Due to orders from our Governor, as all of you know, the Lodge has been closed for over six weeks. During this period of time, however, maintenance projects have been ongoing. The Library has been relocated, and the old room has been converted into office space for the Bookkeeper, Bar, and Kitchen managers. The Secretary and Treasurers Office has been upgraded.

During The closure, and with the lack of foot traffic, the carpets have been cleaned and the floors highly polished. The bar has been completely cleaned, as well as the kitchen. Many hours of work has gone into upgrading the RV Park.

I cannot thank all of the volunteers enough. There have been many inquiries as to when we will be able to reopen. It will be as quickly as we receive the green light and instructions as to what can and cannot be done during our operation.

Stay Healthy.
Fraternally Yours,

Kathy Payne
Exalted Ruler
